Verse 1

When I lie in bed at night and I can't get to sleep
I'll just sit and talk to You, it's better than counting sheep
While You sit beside me I can tell You all my fears
And You'll wipe away my tears

Verse 2

When I lie in bed at night, I know You're by my side
If I need You, You'll be there, forever as my guide
While You sit beside me, I can tell You all my dreams
It's so much easier than it seems

(Instrumental)

Verse 3

In the morning when I wake, You've been there all night through
Jesus, how will I thank You for all the things you do?
I'll just have to talk to You, Lord, more and more each day,
All I need to do is pray
I'll just have to talk to You, Lord, more and more each day
All I need to do is pray!
